

Dear Further Member,

These are challenging times, and we know many Americans are looking for ways to save money.

That's why we want you to be aware of the recent passing of the Coronavirus Aid, Relief, and Economic Security (CARES Act) and what it means for you. With the CARES Act, you no longer need a prescription to purchase over-the-counter medicine, and you can buy feminine hygiene products (among other items) with your health savings account (HSA) and flexible spending account (FSA) funds.

More information is available [here](#). These changes are permanent.

This means you can now use the funds in your HSA and FSA to purchase items, such as:

- Tampons, pads, and liners
- Pain relievers and anti-inflammatory medications
- Cold, cough, flu, allergy and sinus medicine
- Baby electrolytes, rash ointments, and creams

And so much more. [See Our Full List](#).

### **Effective January 1, 2020**

These changes apply to purchases dating back to January 1, 2020. That means if you have purchased any of these items since the beginning of the year, you can file for reimbursement from your HSA or FSA.

For information on getting reimbursed, [click here](#).

## Questions?

If you have questions about the CARES Act or your account, please contact us at our Member Services line at 1-800-859-2144 or by email at [CustomerSolutions@hellofurther.com](mailto:CustomerSolutions@hellofurther.com). We are available Monday through Friday, from 7:00 a.m. to 8:00 p.m. CDT.

Sincerely,

The Further team
